■ WHO WE ARE

Sümer Basım is a Turkey owned and operated trademark part of the Food Packaging group. We provide a complete range of sustainable packaging solutions which are 100% locally designed and developed in full compliance with the latest industry regulations and standards.

Innovation is at the core of our business. **Sümer Basım** packaging is designed by our inhouse R&D team and is made completely from ecofriendly paperboard resources, surpassing Chinese and European analogs. Our packaging became extremely popular because it makes food look stylish and eco-friendly at the same time. Along with upscale look, exceptional quality and environmental friendliness we offer low trade prices and cost-effective delivery with minimal turnarounds.

Our eco-friendly packaging is ideal for all the catering services, bakeries, restaurants, coffee shops, takeaways and fast food restaurants that want to reduce their carbon footprint and help preserve the environment.

■ OUR MISSION

We are on a constant quest to raise the bar and set new benchmarks in the food packaging industry in Turkey and worldwide.

We are committed to fight the growth of CO₂ emissions and reduce the amount of waste produced in society by developing eco friendly and sustainable packaging.

■ OUR VISION

After reaching the major milestone of becoming a leader in Turkey and Europe, our next big challenge is to be able to shape the food packaging mentality on a global basis. We will only manage that by creating and promoting eco-friendly packaging and inspire others to do the same.

№ 1

IN TURKEY AND EUROPE

We are Turkey and Europe leading developer, manufacturer and supplier of eco-friendly food packaging.

GLOBAL REACH

We are a major player in the global food packaging arena, we export to more than 50 countries worldwide.

EXTENSIVE CUSTOMER NETWORK

We are a proud supplier to more than 9 000 caterers, supermarkets, fast food and take away restaurants.

SOPHISTICATED SUPPLY CHAIN

Warehouses and representatives in Turkey and worldwide, we guarantee minimal delivery costs and turnaround.

RELENTLESS PRODUCTION AND DEVELOPMENT

We have produced more than 5 000 000 000 packaging and counting.

FEATURES YOU AND YOUR CUSTOMERS WILL LOVE !

We do ECO packaging and we are the best at what we do!

ECO-FRIENDLY

Diverse sustainable packaging made from environmentally friendly paperboard materials.

GREASE & WATERPROOF

Entirely leak proof packaging ideal for liquid and moist food storage.

MICROWAVEABLE

All our food containers are 100% safe and suitable for microwave use.

ELEGANT

Exceptional look and design, surpassing European and Chinese analogs.

RECYCLABLE

Produced from cardboard that can be recycled and reused to help reduce the consumption of fresh raw materials.

CERTIFIED

All our packaging is produced in compliance with global environmental standards and is ISO and HACCP certified ensuring consistent safety and quality.

NONSTOP MANUFACTURING CAPABILITIES

LOW TRADE PRICES

We are in position to set our own trade prices as we fully control production and delivery costs which gives us a huge advantage over competitors.

ON TIME DELIVERY

Cut out the middle man and decrease delivery turnaround as we ship directly from our manufacturing site and warehouses eliminating all logistics issues.

SAFETY AND QUALITY

We take quality and safety very seriously therefore we are constantly carrying out inspections throughout the entire process. We track and monitor every element prior, during and after production.

TESTING

We measure and record the performance of all raw materials, adhesives, coatings and manufacturing settings. All materials are thoroughly checked and tested in our laboratories before going to production.

OUR PRODUCTION CORE COMPETENCIES

MAXIMUM FLEXIBILITY

We are able to react to market changes and customer demands rapidly and apply new business processes instantaneously instead of having to contact 3rd parties and manufacturers on the other side of the world.

TAILOR MADE PACKAGING

Bespoke packaging processes are implemented easily and quickly through our in house R&D department limiting error possibilities and time delays.

Our packaging is manufactured locally from renewable resources. All of our paper is sourced from responsibly managed forests across Turkey.
